Race Rules

The race will be run under F.I.S. rules as varied by the SSE and published in the British Artificial Competition Rules (BACR) 2009. This manual is available on <http://www.gbski.com/rules.php>. Racers and race officials should also be aware of the Guide to the Rules of Ski Racing available on <http://www.britski.org/racingguide08.pdf>

The Jury has the right to refuse a racer starting if the racer does not appear on time in the start. The Start Referee will be instructed to work to FIS613.6. Start Licences may be checked. TDs have been instructed to apply the unsportsmanlike behaviour rule to any competitor using bad language.

Competitors are reminded of the regulations requiring the use of protective 'bungs' or caps on ski pole tips, and those governing the limits on ski/binding height. These regulations are liable to be enforced during this event.

Gloves and long sleeved garments which also cover the midriff must be worn at all times whilst on the slope, including during open practice, course inspection and the race itself.

All competitors MUST wear a properly fitted and approved safety helmet on the slope throughout the

event; this includes practice session, course inspection, fore runners, and the race itself. Helmets should be compliant with standard BS EN 1077:1996 Specification for helmets for alpine skiers).

It should be noted by all competitors that the use of 'Yellow 77' lubricant is not permitted at Suffolk Ski Centre.

Race Format

The races will be run to the following format:

The first and second runs will be held in bib order and the better of these times will count towards the final total. The third and final run will be in reverse time order based on the best time from the first two runs and must be completed, i.e. the result will be based on the best time from the first two runs plus the time from the third. All runs will be down the same course.

Course Inspection

The course must be inspected wearing skis (or properly leashed snowblades). During inspection you need to wear or carry your bib so that it is visible, this is to show that you are entitled to be in the course area. No-racer is allowed to ski the course during inspection. Course inspection may start from any point on the course and racers must come to a complete stop between each gate when inspecting. The first 10 minutes of course inspection will be for boys and girls and females, the next 10 minutes will be for all racers, and the last 10 minutes for males.

Only Accredited Race Trainers/Coaches will be permitted to accompany their racers on the course during inspection.

Race trainers/coaches may accompany their racers provided they are qualified and carry the relevant accreditation issued by the race office on the day or prior to the race. No other people will be allowed to enter the race area.

Doping Control

Competitors should note that the Dope Control Unit may arrive unannounced at any event and will have the complete co-operation of the organisers of this race.

There have been a number of recent amendments to the Doping Control Regulations; these changes mainly affect two groups of competitors, those who suffer from asthma and taking asthma medication and those using insulin to treat insulin-dependent diabetes. The result of these new regulations is that any competitor using these drugs must obtain certification in writing from the doctor prescribing them or from the team physician. A form on which to obtain the appropriate certification is available from the SSE Head Office. This certificate must be completed in advance of competition and returned to the SSE Medical Advisor with a SAE for Acknowledgement of Notification to be returned to you.

All competitors should note that this notification is required annually.
